

- **Name:** Chris Gardiner
- **Current Position:** Director, Chris Gardiner Consulting Ltd, Bucks HP17 8LG, UK
- **Country:** United Kingdom
- **Professional Experience/ Professional Organizations:**

Dr Chris Gardiner trained as a biomedical scientist at North Tyneside District General Hospital beginning in 1984 and gained Fellow of the Institute of Biomedical Sciences in Haematology in 1990. For most of his career, Chris has specialised in haemostasis and ran the UK Department of Health evaluation programme for coagulometers, haemostasis tests and point of care coagulation devices at University College London Hospital for 12 years. He completed his doctorate in 2008 and was admitted as a Fellow of the Royal College of Pathologists in 2017. His research interests include the antiphospholipid syndrome, venous thromboembolism, pre-eclampsia and extracellular vesicles. He has published over 60 peer reviewed papers and several international guidelines and is currently leading an International Council for Standardization in Haematology working group on evaluation of haemostasis test systems.
