

• **Name:** Kyungwon Lee

• **Current Position:**

Emeritus Professor of Laboratory Medicine and Research Institute of Bacterial Resistance, Yonsei University College of Medicine, Seoul, Korea.

• **Country:** Korea

• **Educational Background:**

- 1988-1989 UCLA, Wadsworth Veterans Hospital, Los Angeles, CA, U.S.A.
Research scholar, Infectious Disease Laboratory
- 1987-1988 - Tuft University School of Medicine, New England Medical Center,
Boston, MA, U.S.A.
- Research fellow, Clinical Microbiology Section
- 1980-1983 Yonsei University College of Medicine, Seoul (Residency, Clinical Pathology)
- 1982-1986 The Graduate School, Yonsei University, Seoul (Ph.D. Degree)
- 1973-1979 Yonsei University College of Medicine, Seoul

• **Professional Experience:**

- 2013-2015 Korean Society for Nosocomial Infection Control, President
- 2010 Korean Society of Infectious Disease, President
- 2010 Korean Society of Clinical Microbiology, President
- 2007-present The Korean Academy of Science and Technology
Fellow, Division of Medical Sciences
- 2004-present National Academy of Medicine of Korea, Fellow
- 2005-2008 Yonsei University College of Medicine, Chairman, Laboratory Medicine
- 1998- 2013 Yonsei University College of Medicine, Seoul
Director, Research Institute of Bacterial Resistance

Major interest: Antimicrobial resistance, Anaerobic bacteriology

• **Professional Organizations:**

- Korean Societies: Clinical Microbiology; Chemotherapy; Microbiology; Infectious Disease; Nosocomial
- Infection Control; Laboratory Medicine
- American Society for Microbiology
- European Society of Clinical Microbiology and Infectious Diseases

• **Main Scientific Publications:** Approximately 600

His main research interests include antimicrobial resistance of bacteria and anaerobic bacteria. He has published over 600 papers.
